OLD BUSINESSS:

4.1 Strategic Planning

The Board discussed the options for an external facilitator to support strategic planning and noted that they felt the District is at an inflection point, and recommended that the District persue Battelle over CEC as an innovator/transformative vendor who will be helpful in gathering stakeholder input (including student), and looking at excellence nationwide. Options will be examined to contain and/or spread cost across fiscal years.

4.2 Full-Day Kindergarten

Dr. Stange reported that planning is fully underway for full-day kindergarten starting August 2021. An option will be offered for two weeks of half-day (pickup at lunch, just through Labor Day weekend).

NEW BUSINESS

Audience Comments 5.1

Dr. Stange read two submitted email communications. The first was a

Board of Education Meeting May 11, 2021 Page 2

petition signed by 196 District 29 community members supporting the inclusion LGBTQ+ subject matter in District 29's health curriculum, noting it has been part of the curriculum for many years, is a requirement/guidance/best practice per many governmental organizations, and aligns with D29 mission. The second was submitted by Jackie & Erik Johnson and asked for clarification between Title IX and Illinois HB 246 (Inclusive Curriculum Law), expressing support for the LGBTQ community, expressing concern about the District overstepping into a parent's role, and asking the community to remember similarities versus differences with the common goal of encouraging kindness, respect, and recognition

District 29 community member Anne Peterson read a letter expressing hope and confidence that the future of the district will measure up to its past, leading through sometimes difficult conversations related to inclusivity in the same way it did previously with character education and then with social-emotional learning.

District 29 parent Sarah Crawford expressed a history of feeling welcome in this community, not experiencing discrimination here until the last board discussion, and hoping we will acknowledge those who feel they must hide their differences.

5.2 Board Open Discussion

Ms. Joseph recognized it is brave to submit public comment. Mr. Subeck noted the Board is not considering the omission of any required curriculum and is committed to improving communication on sensitive subjects. The Board supports the training of staff on LGBTQ+ topics, equal access to facilities and programs for all students, and gender-support plans for LGBTQ+ students. All students and staff are welcome and respected, differences are to be celebrated, and all public comments are appreciated.

REPORTS:

6.1 Return to School Task Force

Dr. Stange reviewed the local and regional metrics, noting that it appears the COVID-19 metric are trending down. He reviewed the discussion at the recent Task Force meeting regarding potential mitigations to reduce the impact of quarantine situations(recess & PE are the pinch points). He summarized that the consensus of the Task Force was to not change any policies for the remaining four weeks of the school year (7th grade PE separation now in place, 5th/6th grade PE separation would require band/orchestra changes). He noted that for the fall, participation in remote learning would likely be based on specific eligibility requirements. He also summarized the Task Force discussion that in short-notice quarantine situations, sick days do help reduce classroom complexity.

6.2 Finance and Facilities Committee Report

Mr. Beerheide reviewed the IMRF audit finding related to Social Security levy vs IMRF (IMRF has a balance that is too high), noting that it was recommended to split the Fund 50 expense account into two funds (50/51) and over-levy social security for a period of time going forward until the balances are aligned, as recommended by the auditor.

6.3 Education Committee Report

Ms. Joseph summarized the report from the May 11, 2021 Education Committee meeting which included a review of the work from District Committees and Strategic Plan goals during the 2020-2021 school year.

6.4 Policy Committee Report

Mr. Welch moved to approve the new Board Policy 706 related to Student Data Privacy and Security. Mr. Zeidler seconded the motion. The Board voted as follows:

SUBJECT: Strategic Planning Update

The purpose of this memo is to provide an update of Strategic Planning efforts in the District.

Last week, Mr. Spaan, Ms. Alpert Knight and myself held a virtual conference with representatives from Battelle for Kids regarding their proposal to facilitate our strategic planning process. We discussed the proposed scope of the facilitation (see attached) and Battelle indicated that they were amenable to modifying their scope of work (by allowing the District to do more independent work in developing the final strategic plan documents) to reduce the associated costs. We discussed the option to include the original level of support if the District determined it was needed at a future date.

ABOUT BATTELLE FOR KIDS	13

EXECUTIVE SUMMARY

Every school system is unique, but they are connected by a shared aspiration: that all students have an educational experience preparing them to be effective lifelong learners and contributors.

Now more than ever, that experience must not only provide for the acquisition of rigorous academic content, but it must also be more intentional about fostering critical thinking, communication, collaboration, creativity, and other 21st century skills our young people need to thrive in this complex, rapidly changing world.

Many school systems across the country have engaged the broader community in developing a strategic plan anchored by a collective vision that articulates the community's aspirations for its students in its Portrait of a Graduate.

Locally developed, but globally positioned, the Portrait of a Graduate serves as a North Star for system transformation. Providing strategic direction for the redesign of the overall educational experience for students, this collective vision reinvigorates and re-engages students, teachers, and community stakeholders by answering critical questions such as:

- What are the hopes, aspirations, and dreams that our community has for our young people?
- What are the skills and habits of mind that our children need for success in this rapidly changing and complex world?
- What are the implications for the learning experiences we provide in our school systems?

Battelle for Kids' strategic planning process is built around this central construct. The following proposal describes the six-phase process to develop a strategic plan that incorporates the development of a Portrait of a Graduate, is driven by community input, and elevates teacher and student voice.

STRATEGIC PLANNING

Phase 1: Prepare

Since a good beginning predicts a good ending, the Prepare phase is critical to the plan's success by ensuring thoughtful community engagement and elevating the voice of teachers and students. Battelle for Kids (BFK) will begin by facilitating a virtual **District Leadership Orientation Meeting**. During this meeting, BFK will review the district's expectations and conditions for success, clarifying how we will engage and discuss key considerations for the identification of Design Team members. The District Leadership Team will be responsible for shepherding the plan to success.

At the District Leadership Orientation meeting, BFK will also share the **Strategic Planning Communication Tools, including** letters of invitation to Design Team members, website and social media messaging and talking points for District Leadership Team for use with the board, Design Team, and other community members. Throughout the engagement BFK will provide phase appropriate communications for district leadership to use with internal and external stakeholders designed to keep the community up to date on their strategic planning efforts.

Following the District Leadership Orientation meeting and identification of Design Team members, BFK will deliver the **Project Charter**. Informed by the scope of work and orientation meeting, the charter will outline the strategic planning design process, including key messages, timing, and design team members.

Additionally, this phase initiates a series of monthly **Consultation and Capacity Building** phone calls that will run through the duration of our engagement, to ensure status alignment and build capacity of district leaders to guide the planning process through to ultimate success.

Note: All timelines can shift based on actual start date and ground-level realities.

Milestone/ Deliverable	Description	Est. Timeline
District Leadership Orientation Meeting	A virtual meeting designed to provide a thorough understanding of the strategic planning process to the District Leadership Team	June/July 2021
Prepare Phase Communications Tools	Resources for communicating with internal and external stakeholder groups during the Prepare phase	July 2021
Project Charter	A guiding document outlining the strategic planning design process	July 2021
Consultation and Capacity Building	Monthly phone call with BFK and the district to review the overall strategic direction of the engagement and build district capacity.	Monthly starting with Orientation

Phase 2: Envision – Portrait of a Graduate

The **Envision Phase** guides the development of a Portrait of a Graduate. This design process involves a sustained community conversation leading to a shared agreement on a unique community-owned picture of what graduates need for success. While every community and its school system are unique, the proposed four-meeting process below will guide this phase of developing your Portrait of a Graduate.

During **Portrait Design Team Meeting #1,** BFK will orient the Design Team through an overview of the Portrait process. During this meeting, Design Team members will discuss the overarching questions that guide the work. BFK will facilitate an in-depth examination on the landscape shifts that necessitate educational transformation.

During **Portrait Design Team Meeting #2,** BFK will facilitate discussion around what competencies young people need to address the changes in society identified in Design Team Meeting #1 and support the district in prioritizing these for the district's unique local context. Through a series of individual and group activities, the Design Team will begin to identify competencies for their Portrait.

The focus of **Portrait Design Team Meeting #3** is converging on a set of Portrait competencies and contextualizing competency descriptions. Design Team members will also share their creative inspiration to inform the graphic design of their Portrait visual.

During **Portrait Design Team Meeting #4,** BFK will present a draft designed Portrait with competencies and description statements. District Leadership will share any community feedback to augment the important work of the Portrait Design Team and to assist the team in finalizing the Portrait. The Design Team will discuss—through an activity facilitated by BFK—how to implement their Portrait and identify what success looks like.

To support the District Leadership Team throughout the Envision Phase, BFK will provide the **Communication Toolkit**, including meeting reminders, thank you letters, and sample messaging to the broader community around the development process and how this connects to the forthcoming phases.

Lastly, ongoing consultation will be provided through the monthly **Consultation and Capacity Building** phone calls.

Milestone/ Deliverable	Description	Est. Timeline
Portrait Design Team Meeting #1	Facilitation of a 2.5–3 hour meeting to kick off the Design Team work	August 2021
Portrait Design Team Meeting #2	Facilitation of a 2.5–3 hour meeting around necessary competencies	September 2021
Portrait Design Team Meeting #3	Facilitation of a 2.5–3 hour meeting to reach consensus on competencies, description statements, and visuals	October 2021
Portrait Design Team Meeting #4	Facilitation of a 2.5–3 hour virtual meeting to finalize the recommended Portrait and recommendations for how it can be actualized in the district	November 2021
Graphic Design Support of your Portrait	Battelle for Kids will present 2-3 sketch visuals designed with community input and 2 rounds of adaptations	October/ November 2021
Communications Toolkit	Includes talking points, invitation to Design Team members, meeting reminders, community vetting survey questions, thank you emails, and sample messaging for board members and district staff.	Ongoing

Phase 3: Inquire

Once the vision for success is identified as the Portrait of a Graduate, the District Leadership Team closely reviews its current state. BFK will provide **Current State Analysis Support** by mining available qualitative and quantitative data such as student achievement data, attendance data, existing focus group and survey findings (family, student, staff and community), policies, report cards, etc. At this point in the engagement, the Portrait Design Team becomes the Strategic Planning Design Team. BFK will work with the district to determine the Strategic Planning Design Team Planning and Meeting Process. This will include support in determining the number of meetings, topics, and structure.

BFK will facilitate **Strategic Design Team Meeting #1** to gather additional input from Design Team members on the district's current state. Framed by the district's analysis of its current state and by the envisioning process through Portrait of a Graduate, BFK will work with the district leadership team to align on the gaps between current and desired future states. During

this session a system self-assessment and SWOT analysis will occur. BFK will also work with the District Leadership Team to complete a self-assessment of its system.

Additionally, BFK will work with the district to produce an **Asset Inventory**, identifying potential internal and external assets that could be leveraged to drive systems transformation. The **Current State Analysis Report** will summarize the findings from the district's SWOT Analysis, system self-assessment, and portrait implementation implications activity. The findings will guide the district's next steps and preview of considerations the district should address in the Launch Phase (managing change, building capacity, translating the Strategic Plan into learning and assessment frameworks, etc.).

The team will be supported with **communications tools** (including Strategic Design Team reminders, follow-up, and thank-you emails) and ongoing **Consultation and Capacity Building** phone calls.

Milestone/ Deliverable	Description	Est. Timeline
Strategic Design Team Meeting #1	BFK will co-facilitate a meeting to collect qualitative perception data from Strategic Design Team members. This will include a SWOT Analysis, 21st Century System Self-Assessment, Portrait Implications discussion and an Asset Inventory.	December 2021
Current State Analysis Report	Summary report of the proceedings to guide the district into its next steps.	January 2022
Communications Tools	Resources for communicating with internal and external stakeholder groups including: Invitations to join Strategic Design Team Design Team Meeting reminders Follow-up and thank-you emails	Ongoing
Consultation and Capacity Building	Continued monthly phone calls with BFK to review the overall strategic direction of the engagement and build the district's capacity.	Ongoing

Phase 4: Design

The Design phase is focused on capturing input and reactions from key stakeholders to the strategic planning framework and to begin writing the plan. As the district welcomes many voices and elicits ongoing input, people will see themselves as part of a movement toward a shared vision of the district's Portrait of a Graduate. This phase of the strategic planning process broadens the sources of input to the plan to transform the school system.

BFK will produce a draft **Strategic Planning Framework** for the district's review prior to community sharing. Based on the vision formed by the district's Portrait and the findings from

the Current State Analysis Report, the Strategic Planning Framework encapsulates the district's proposed priority areas and suggests potential metrics and evidence of success and additional resources for the District Leadership Team to consider. This tool will help translate the priority areas into the goals and strategies for the district's Strategic Plan.

The priority areas of the Strategic Planning Framework will be vetted during **Strategic Design Team Meeting #2.** Then BFK will facilitate a virtual session with District Leadership to review feedback from the Strategic Design Team and identify goals, strategies, and metrics for each priority area. Additionally, BFK will share resources and prepare the district for writing its plan with **Strategic Plan Creation Consultation**. BFK will provide technical assistance and available resources, such as exemplar case studies from other districts, that will help District Leadership develop goals and strategies for each priority area. While the plan is being written, BFK and the District Leadership Team will have weekly hand-offs for comments and vetting.

To operationalize the Strategic Plan, BFK will also provide a year-to year action planning template to link the strategies and metrics outlined in the Strategic Plan with tactical efforts. Key district and school leadership will use the action planning template to begin drafting content with staff responsible for executing work plans to activate the Strategic Plan while the District Leadership Team ensures alignment with the overarching framework.

Strategic Design **Team Meeting #3** will provide an opportunity for the Strategic Design Team to share their reactions and feedback to the draft components of the Strategic Plan.

Continued counsel will be provided through the **Consultation and Capacity Building** phone calls throughout the writing process. The BFK team will work with the District Leadership Team to assess progress, work through any specific issues, accelerate the writing process, and check that the draft strategic plan follows the direction set by the district's Portrait of a Graduate.

Phase 5: Launch

The Launch phase is the moment when the plan truly comes to life. Everyone involved in creating the strategic plan should be enlisted as an ambassador to help tell the story about its inception and how it will frame the district's work moving forward.

This phase will feature a **Portrait to Practice Session** with district leaders, focused on how to move the plan forward, leading and managing change, and how to deconstruct the district strategic plan with systemic coherence. This learning session will help to ensure the district is well equipped to implement and fully leverage the shared assets of the district and community. To accompany this session, BFK will provide a **Summary Report**, which will outline the entire process, along with recommendations for next steps.

Launch also means promoting the story behind the strategic plan, leveraging social media, website and signage updates, and other brand experience transformation inspired by the plan. The district will be responsible for the launch; to assist with this, BFK will provide, through the Launch Phase Communications Tools, internal and external communications recommendations, and guidance on the use of social media, websites, partners, and events as channels to reach all stakeholders.

The literal launch of the plan culminates in a community celebration to unveil it, first with staff (typically in an in-service session) and then with the community, as an evening event or series of events in schools. Many districts launch at the beginning of the school year, followed by school-level celebrations as part of back to school sessions early in the year.

As with earlier phases, BFK will continue to support through **Consultation and Capacity Building** phone calls with district leadership team.

Milestone/ Deliverable	Description	Est. Timeline
Portrait to Practice Session and Summary Report	Virtual session with District Leadership Team. Report describes both the portrait and strategic planning processes, and recommendations for next steps.	May 2022
Launch Phase Communications Tools	Resources for communicating with internal and external stakeholder groups specific to the Launch Phase Activities	May 2022
Consultation and Capacity Building	Monthly phone call with BFK to review on overall strategic direction of the engagement and build district capacity	Ongoing

Phase 6: Succeed

The successful plan requires successful implementation. BFK will schedule a strategic plan status check six months after the launch to review successes and challenges and further support the district leadership's success in putting the plan into action.

BFK will assist in planning and co-facilitating (virtually) the first six-month **Status Check** meeting. During this meeting District Leadership will share with the Design Team members progress to date on the goals outlined in their strategic plan.

These implementation status checks are recommended on an annual basis. Should the district wish additional support, BFK would be available.

Milestone/ Deliverable	Description	Est. Timeline
Status Check	Virtual session with District Leadership to discuss updates on activities to support the strategic plan	6 months from completion

SUBJECT: 2021-2022 School Year Planning

The purpose of this memo is to provide an update regarding planning efforts pertaining to the 2021-2022 school year.

The Return to School Task Force is scheduled to meet four (4) times over the summer of 2021 to solidify plans for the 2021-2022 school year.

The focus of the Task Force work this summer will be to ensure that the District is prepared to address the five (5) "Pillars" of the District 29 COVID-19 Recovery Plan (see attached). While much of this work has already begun (e.g., developing proactive and reactive health and safety protocols, hiring additional mental health and instructional staff, creating flexible schedules to support supplemental instruction), significant planning and preparation remains. Further, I expect our COVID-19 Recovery Plan to be a "living document" that will evolve as the status and impact of the pandemic unfolds over the course of the 2021-2022 school year.

I look forward to discussing this topic with you at the June Board of Education meeting. Please contact me if you have any questions or comments.

Sunset Ridge School District 29 COVID-19 Recovery Plan: A Living Document

Introduction

The COVID-19 crisis has been a natural disaster with a prolific impact on students, staff, and families. However, with strategic supports and resources, we can restore our systems, rebuild our students' self-esteem, academic skills, and learning confidence.

Recovery from COVID-19 will not be attained in a six-week summer camp. Rather, it will take a full school year, or likely more, to get students back to where they need to be. The response will require a comprehensive plan that mobilizes well-trained and equipped professional staff in true partnership with the parent community, all dedicated to student growth and successes. Planning and programming needs to be flexible to respond to the ever-changing topography of the pandemic and evolving student needs.

The following "living document" was created by the District 29 Return to School Task Force to assist in the design and implementation of a variety of supports in the wake of the COVID-19 Pandemic.

COMPREHENSIVE COVID-19 RECOVERY IN SCHOOLS

A growing body of literature regarding the impact of the COVID-19 Pandemic provides some initial guidance relative to the design and implementation of programming and supports for schools. From this literature, the following themes are evident:

Priority One:

Plan for multiple scenarios and contingencies to ensure the health and safety of students and staff.

Action Steps:

- 1. Implement a comprehensive return to school plan that adapts to emerging contingencies and guidance from health experts.
- 2. Implement proactive COVID-19 mitigation strategies and response protocols to ensure the health and safety of staff and students.

Priority Two:

Ensure continuing support to students and adults to address their Immediate and long-term psychological and social/emotional needs.

Action Steps:

- 1. Facilitate student, staff, and family transitions across grades and schools.
- 2. Collected on-going data regarding the social-emotional needs of students and staff.
- 3. Implement comprehensive and differentiated SEL-based programming/mental health supports targeting engagement, motivation, and a sense of belonging in school.
- 4. Reinforce the use of self-care strategies and provide access to mental health services.
- 5. Facilitate student-adult relationships and connections and interactions.
- 6. Ensure sufficient opportunities for structured and unstructured physical activity built into the school day.
- 7. Provide structured mentoring and coaching programs for new staff members.

Priority Three:

Provide on-going, personalized, and differentiate learning opportunities. Action Steps:

- 1. Utilize growth model assessments to evaluate learning loss and match students with resources.
- 2. Identify key learning standards and content that are prerequisites to future learning and might not have been covered or fully mastered by students during the pandemic.
- 3. Maintain a core focus on learning materials at grade-level and helping students work up to that level versus trying to reteaching content from earlier grades.
- 4. Utilize differentiated instructional models in the classroom to support diverse learning needs.
- 5. Implement flexible, student-centered scheduling options to allocate appropriate instructional supports as needed.
- 6. Build schedules with additional direct instruction intervention time.
- 7. Establish a tiered, evidence-based, tutoring program linked to grade-level classroom content.
- 8. Implement homework support mechanisms to assist students with unmastered content.
- 9. Enlist the support of parents to boost literacy outside of school.

Priority Four:

Ensure staff have adequate training, resources, and support to address the impact of COVID-19.

Action Steps:

1. Facilitate a range of professional development opportunities that differentiate training based on identified needs and emerging challenges.

Priority Five:

Ensure on-going communication and support for all stakeholders. Action Steps:

- 1. Provide regular communication regarding the status and impact of the pandemic on the school environment.
- 2. Facilitate opportunities for stakeholders to provide feedback on emerging needs and strategies.
- 3. Provide on-going, real-time, synchronous feedback and interaction between all stakeholder groups.
- 4. Create opportunities for student support through through before-, after-school and virtual office hours.

Superintendent's Report

Site Visits & District Outreach (Unity)

On April 16, the NSSED District Leadership Team met to review the mission and vision of the district and engaged in learning about innovative future services of the cooperative. The team also reviewed financial information and member district feedback survey data. Next year the team will meet at least quarterly to review goal progress, and the composition of the team is being updated.

Community Ambassador

- Planning meetings with the Highland Park Chamber of Commerce and District 112 regarding the 'State of Education' presentation occurred. The presentation took place May 7, 9:00-10:30 a.m. at Elm Place School, and is available virtually on their website for anyone interested.
- Dr. Schneider attended a regional equity administrative academy on April 28. Approximately 20 administrators from the region met with University of Illinois Chicago professor Dr. Lionel Allen. Educators discussed the history of marginalization and strategies for raising student achievement. This professional learning directly aligns with the Equity goal of the strategic plan and the mission and vision of the cooperative.
- Dr. Schneider represented the district at the Highland Park Police Department's strategic planning virtual event on May 5. Discussions centered around feedback related to current performance and ideas for future policing efforts.

Adapted Physical Education Grant

Daniel Morse, NSSED Adapted Physical Education teacher, applied for and was awarded a grant from the Illinois Association for Health, Physical Education, Recreation and Dance. The \$1,960 grant will fund equipment for martial arts, TRX suspension fitness, golf, and other leisure games. NSSED is excited for the possibilities Mr. Morse is opening up for all learners through his innovative instruction.

Educator Appreciation (Culture of Excellence)

May 3 - 7 was National Teacher Appreciation week. NSSED celebrates all staff as educators; they are critical to the success of all learners. NSSED staff are an amazing group and passionate about the organization's mission. They take incredible care of students and each other. The cooperative appreciates their work and wanted to remind them to focus on their own wellness. During Educator Appreciation week daily messages of gratitude went to all staff along with ideas for self-care activities ranging from meditation and self-reflection to online games. A final gift arrived on Friday, May 7th with a branded TrueNorth Educational Cooperative 804 lunch bag.

Innovation Videos

At the March Institute Day, each program and service team created innovation videos. These videos highlight the amazing innovations that have taken place during the 2020-2021 school year. While engaged in the Institute Day session entitled Inspiring Innovations, NSSED staff answered three questions: How did the video inspire you? What made you proud while watching this video? How are your colleagues your learning heroes? Please enjoy these <u>Inspiring Innovation</u> videos along with all the positive comments made by NSSED learning heroes.

Technology Audit (Culture of Excellence)

As previously mentioned, due to the impact of COVID-19 on the cooperative's budget, the scope of the planned technology audit was narrowed and the audit was delayed until the fall. NSSED staff researched vendors and connected with member district technology administrators for recommendations. The cooperative will partner with DYOPATH for the audit and will work with them beginning in July.

SOPPA Update

Effective July 1, 2021, school districts will be required by the Student Online Personal Protection Act (SOPPA) to provide additional guarantees that student data is protected when collected by educational technology companies, and that data is used for beneficial purposes only (105 ILCS 85). NSSED continues to prepare; staff has inventoried digital learning tools and is entering into the required data agreements with each vendor, making use of the Illinois Student Privacy Alliance, a free consortium that allows school districts to access management tools and resources for data privacy agreements.

ESY Planning

As required by federal law, the Individuals with Disabilities Education Act (IDEA), Extended School Year (ESY) will be in session from June 14th through July 16th. There are currently 240 students enrolled in ESY with five sites serving students: North Shore Academy, North Shore Academy Elementary, Meadowbrook School in Northbrook School District 28, Glenbrook South High School in Glenbrook High School District 225, and NSSED's Rubloff Building. NSSED continues to follow the joint Illinois State Board of Education and Illinois Department of Public Health safety guidance for in-person instruction.

Billing Reminder

With implementation of the new financial model, the first invoice for FY22 will be sent out on June 9th. This will allow member districts time to process the invoice for payment by mid-July. This process is in accordance with the new finance model, was re-confirmed with stakeholders, and will help avoid potential summer cash flow issues at the cooperative.

CSBO Search Update

Education Leadership Solutions consulting has been assisting us with the search for a new CSBO. Gary Zabilka, search consultant, presented a slate of candidates this week to the cabinet for review. All four slated candidates will be interviewed on May 19. As is NSSED standard practice, the interviews will consist of two groups of staff representing both NSSED and member districts. President Sands and Finance Committee Chairperson, Mark Barry, will participate as members of the interview teams. The goal is to present a final candidate for approval at the June Leadership Council meeting.

Reopening Update (Staff Vaccination Rate)

On the return to in-person learning, NSSED continued to monitor the overall level of staff vaccination. The current rate is 82%; this rate is a critical factor in helping maintain staff and student safety. This along with remaining vigilant on other mitigation measures has resulted in little to no evidence of spread at the workplace.

Medicaid Training

NSSED is forming a work group to review procedures and processing of Medicaid claims with the goal to increase NSSED and member district receipt of Medicaid funds. Once procedures are clearly defined, staff will be trained and will work with member districts to complete the cycle. Regular refresher sessions will remind key employees of the necessary steps and documentation required to successfully file Medicaid claims.

ROE Audit Update

A routine audit by the Lake County Regional Office of Education is complete and the district has received the designation of 'fully recognized' with the Regional Office of Education and the Illinois State Board of Education.

Leadership Council Member Training/On-boarding New Members (Unity) For the 11 new Leadership Council members:

- Professional learning will occur during Leadership Council meetings beginning this month throughout next year.
- Leadership Council officers who represent each of the regions, have agreed to be a point of contact for new members from the respective region.
- Last year the Leadership Council indicated an interest in an outside facilitator to assist the board with a workshop on successful cooperative leadership practices.
- President Sands, Vice President Jachtorowycz, NSSED cabinet, and Dr. Schneider will host a
 half-day training session for all new members late summer or early fall. This session will
 include an overview of the district, mission and vision, learning, and operations.

Each summer Dr. Schneider meets individually with each Leadership Council member to build relationships and solicit feedback on how the organization can improve. All members will be provided with a training binder that includes highlights of all aspects of the organization.

Leadership Council Professional Learning

Dr. Schneider reported on the plan for professional learning for Leadership Council members through the coming school year. He began by reviewing the preparation for and development of the 2018 strategic plan. That plan includes six goal areas: Culture of Excellence, Equity and Access, Financial Responsibility and Resource Allocation, Learning, Relationships and Communication, and Unity. He also reshared the purpose of his hire from the search firm SchoolExec Connect which identified from stakeholders the need to reinvent the cooperative, redefine the service/program model, and address districts leaving the cooperative by building relationships.

Orientation Plan - Suzanne Sands and Peggy Miller

Ms. Suzanne Sands, Leadership Council President and Ms. Peggy Miller, Executive Assistant/Recording Secretary, provided an overview of the BoardDocs software. NSSED Leadership Council meeting agendas and materials are housed in BoardDocs, as well as the cooperative's policy manual and other important documents.

Branding Rollout

Ms. Mary Morgan Ryan, Assistant Superintendent for Technology, Communication and Data Services, shared plans for introducing the cooperative's new name, TrueNorth Educational Cooperative 804, to all stakeholders over the summer. NSSED has a long history of high quality, innovative work, and that work will continue. The new identity will enable the cooperative to offer these services and supports to a wider audience while also positioning itself for new programs/services. The shift is founded in the most current disability evidence-based research, legal expectations, and a moral imperative expressed by parents and students for the need to change the perception of how individuals and families without disabilities view them. Visit truenorth804.org to see the announcement video.

Social-Emotional Learning Update

Dr. Kristen Ninni, Assistant Superintendent for Learning and Innovation, shared a presentation and update on the district's work with Social Emotional Learning. The presentation included information about the NSSED SEL Leadership team, the implementation framework that this team received training on with CASEL, the transition process, and next steps.

Transition Update

Dr. Ninni and Ms. Lynn Clarke, Director of Instruction, shared an overview of the Transition program. The presentation included the number of students, where students are employed and how many are in paid jobs, as well as the connection to the cooperative's strategic plan.
