Only 13 schools in Illinois were chosen for this award! He also shared that an American flag had been flown in honor of our SRS Fiber Optics robotics team aboard an E-8C Joint Surveillance Target Attack Radar System aircraft during a mission.

OLD BUSINESS:

5.1 ADA Accessible Lunchroom Table
Dr. Stange informed the Board that a handicap accessible lunch table will be purchased for the Sunset Ridge lunchroom.

5.2 Capital Improvement Update
Middlefork School: The renovation of one bathroom at Middlefork was completed during spring break and now awaits final approval by a plumbing inspector, which will be the go-ahead for the rest of the bathroom renovations to take place this summer. It was also discovered that the flush valves on all of the toilets will need to be replaced, as they are old and will not match the replacement fixtures.

Sunset Ridge School: The District was recently informed by the Village that one of the water service vaults located underneath the driveway does not meet the required 5-foot depth that was outlined in the original architectural drawings. This is because old plumbing from the original building was found to be in the way, so most likely a “field decision” was made to modify the plans. After Dr. Stange described meetings to discuss this situation with the architects, contractors, and excavators, the Board discussed options moving forward, instructing Dr. Stange to gather more information.

5.2a Discussion and Possible Approval: Asbestos Abatement Bid
After a brief discussion regarding the bids for Asbestos Abatement at Middlefork School, Mrs. Peterson moved to approve bid from Superb Environmental, Inc.. Mr. Subeck seconded the motion. The Board voted as follows:

Aye: Mr. Hayes, Mrs. Peterson,
Mr. Spaan, Mr. Subeck, Mrs. Detlefsen, Mrs. Mirkovic
Absent: Ms. Alpert Knight
Nay: None

THE MOTION WAS APPROVED
5.3 Strategic Plan Update
Sunset Ridge Principal Dr. Ivy Sukenik gave a brief presentation on the new Athletics Committee tasked with evaluating our athletic program and making recommendations where appropriate. This committee included administrators, teachers, and parents who met over the course of the year to review each section of the existing District 29 athletics guidelines. Based on those recommendations and discussions, draft adjustments were made and shared, and a parent survey sent out to gather feedback. The committee continues to fine tune the guidelines with the goal of supporting a robust athletics program that also reinforces the District’s commitment to social and emotional learning opportunities.

NEW BUSINESS:

Board member Mrs. Anne Peterson read a communication on behalf of community member Ms. Jamie Cherry asking the Board to consider replacing the yellow temporary speed bump at Sunset Ridge with a permanent, more gradual speed hump.

6.2 Board Open Discussion
The board discussed the pros and cons of replacing the speed bump. Dr. Stange let the Board know that the previous weekend’s 8th grade Washington DC trip was a resounding success, with Board members adding that they had received great feedback from parents whose children had attended. Dr. Stange also presented the agenda for the April 30th Special Board Meeting to seat new members, a reminder of Board committee positions, and a tentative Board meeting calendar.

7.3 External Relations

7.3a IASB
Dr. Stange reported that a bill is working its way through that would mandate an increase in PE minutes for 1st through 8th grades. This could significantly impact the District’s scheduling, as some other activity would need to be sacrificed in order to meet the mandated minutes.

7.3b PTO
Mrs. Mirkovic reported that the portal to order school supply kits had opened. The famed author Kwame Alexander is scheduled to visit Sunset Ridge on Wednesday, April 10th, thanks to PTO funding. They are still looking for a Nominating Chair, House and Grounds Chair, and a President Elect.

7.3c NSSED
Mr. Hayes reported that they had hired a new Business Official and North Shore Academy Principal. In creating their 2019/2020 budget, they realized there was a shortfall which is expected to be covered by a combination of staff reductions, tuition and membership fee increase, and possible use of fund balance. Dr. Stange noted that as more children are integrated into classrooms across the service area, there appears to be a shortage of NSSED specific classrooms that meet the needs of our youngest pre-K students. Dr. Stange is working with NSSED to find a solution that is not burdensome to those families.

7.3d Northfield Park District
Dr. Stange thanked the Park District for their donation of a gently used John Deere riding snow blower.
7.3e Village of Northfield
Mrs. Detlefsen reported that their 2040 Comprehensive Plan community engagement meeting was well attended and produced many creative ideas for village development. Those plans and ideas will then be presented to the Village Trustees, followed by more community engagement opportunities.

7.3f Foundation Fund
There was no report.

7.4 Administrative Reports

7.4a Freedom of Information Act Requests
Dr. Stange reported that he received one FOIA request from NBC5 regarding school storm shelters.

7.4b Enrollment Update
Dr. Stange reported that 43 Kindergarteners are registered for next year, which will likely increase to at least 47. This indicates that in all likelihood there will be 3 Kindergarten sections.

7.4c 2019-2020 Staffing Projections
Dr. Sukenik is preparing for next year’s staffing requirements by advertising an open Spanish Teacher position.

Dr. Stange provided an updated on the current enrollment and itinerary for the 2018-2019 8th-grade trip to Washington, D.C. He noted the participation rate was 68%, which was consistent with the historical trend relative to student participation in the trip.

7.4e Discussion School Reports
Dr. Stange proposed that Administrative Reports include a briefing from each school’s principal, an idea that the Board was very receptive to. Those reports are as follows:

Middlefork School: Dr. Mary Frances Greene reported that IAR state testing is going well so far, even with the addition of one extra test resulting from Middlefork being chosen as a field test school. State mandated sexual abuse education will be starting soon, as will Bike Safety Week. Class placement work for next year has begun. Dr. Greene is meeting with parents who have children in the incoming 3rd grade class to address concerns regarding the imbalance of boys to girls.

Sunset Ridge: Dr. Sukenik reported that IAR state testing is going well and thanked Director of Technology Mrs. Sheri Styczen for a smooth implementation. The Creator of the “We All Live Here” project visited the school to discuss ways to engage in an exercise on inclusivity that culminates in a permanent art installation. He proposed a magnetic poetry wall on the green roof patio that would be an opportunity to foster school community and student ownership. The Robotics team is heading to the world championship for the second year in a row on April 28th!
Medal author Kwame Alexander is visiting the school on April 10th.
